Interested in buying or selling a home in the Oakley area? I know all the neighborhoods here like no other real estate agent – in fact, before becoming a REALTOR, I lived and worked in your neighborhood as an elementary school teacher in the Oakley Union School District.

Now that I'm a REALTOR, I enjoy helping the parents of my former students with their real estate needs. I have lots of my former students in your neighborhood, and I love seeing their smiles when they and their parents move into the home of their dreams!

Give me a call today – I can help with all your real estate needs!
